AGREEMENT FOR THE LOAN OF MATERIAL FROM THE BGS MARINE STORE

Conditions of Loan

1. All factual results and reports obtained from these samples must be provided to BGS within 3 months of receiving the samples.
2. BGS will agree to hold these data in confidence for a period of months, following which they will become part of the database available to other enquirers.
3. All materials not destroyed in the tests must be returned to BGS.
4. Palaeontology. A complete suite of all fossils extracted, including all figures, described and cited specimens, must be returned to BGS.
5. Petrology and Geochemistry. Representative fragments of all rocks sliced, and of all chemically analysed material must be returned to BGS.

If any of the information derived from these samples is to be used for any publication, prior permission must be sought from the Director, BGS, and a suitable acknowledgement made.

Copies of all publications should be lodged with BGS.
