

The Welsh Whisky Company produces Penderyn Single Malt Welsh Whisky and a range of high quality Welsh Spirits. Like Welsh Gold (Aur Cymru) Penderyn Single Malt Welsh Whisky is a rare and precious commodity. This golden malt whisky signals the welcome return of whisky distillation to Wales after an absence of over 100 years. The purity of Brecon Carreg Natural Mineral Water originates from its natural source deep within the 520 square miles of outstanding beauty and wilderness of the Brecon Beacons National Park. For 15 years it percolates through limestone strata, being naturally purified and gaining its unique taste before being bottled at source in the village of Trap, near Llandeilo in Carmarthenshire.
